Dear Mr. Cardis:

I would like to express my sincere appreciation for your dedicated efforts in assisting me to restructure Pennsylvania's research and development tax credit sales program.

Your real world understanding of startups and venture capital, your legal expertise, and your tireless contributions have been invaluable. With continued support from people like you, it is my hope and expectation that we will be able to enact the amendments we worked on and that Pennsylvania will become the premier destination for startup companies in the United States.

Thank you, again, for contributing your time and expertise and I look forward to working with you on future high-tech ventures. If I may be of any assistance to you in the future, please let me know.

Sincerely,

*Rob Wonderling*
